

## Is your agency looking for new surveillance equipment?

Argus Surveillance Technologies is a New Hampshire based company representing a variety of high quality equipment manufacturers providing:

- Covert and Overt Video Surveillance solutions
- Audio Transmitters and Recorders
- GPS Tracking devices
- Ballistic Vests and Helmets

Since 2008, Phil Desmond has worked with Federal, State, and Local Law Enforcement Agencies in the Northeast and Washington DC. Having a thorough understanding of customer's operational requirements, Phil makes the best recommendation for matching technology with operational needs.

### Available services:

- ◆ Pre-Sales Consulting
- ◆ Equipment Training
